

Retirement Lifestyle Goals

A well-designed Retirement Lifestyle Plan can help you get the most enjoyment possible from the money you have to spend during the rest of your life. The work you do here can improve the quality of your life, as well as the lives of those you love. It is the most important exercise you can do to increase the likelihood that your retirement will be secure and satisfying.

Planning the future you want should be an enjoyable process, and it all starts with your Goals. So, take your time, and allow yourself to dream a little. Create a picture of your ideal retirement.

Lifestyle Goals

First, think about all the Goals you would like to attain during your Retirement. Include what you need, like buying cars every few years; what you want, like taking nice trips every year; and even what you wish you could do, like helping your kids, grandkids or favorite charity. Make each need, want or wish a separate Goal, with a description, an annual cost and how often it will occur. Then put a number from 10 - 1, (10 being the highest) in the box next to each Goal to indicate its importance.

Now that you've identified your Lifestyle Goals, it's time to create a Goal for your basic Retirement Living Expenses.

Retirement Living Expenses

Everyone must pay the bills. This Goal is for your basic day-to-day living expenses (e.g. food, clothes, utilities, etc.). By making this amount a separate Goal, you can see what it takes to "pay-the-bills" for the rest of your life. This should make your Retirement more secure and leave you free to enjoy spending money to fulfill your Retirement Lifestyle Goals.
